

A family may want to tell the life story of a loved one by choosing an appropriate decorative urn. The family may also place photos and personal mementos within the niche.

These glass front niches afford a family the opportunity to view the urn in a peaceful setting.

Resurrection Cemetery is a member of the non-profit Mt. Elliott Cemetery Association, which has been serving families in southeastern Michigan since 1841.

GLASS FRONT NICHES

at Resurrection Cemetery

For many families, interior glass niches are the preferred choice as the final resting space for cremated remains.

The Mausoleum of the Angels and Most Holy Trinity Mausoleum contain elegant niches with clear glass fronts. These niches offer families more options for personal memorialization.

MAUSOLEUM OF THE ANGELS

Simple elegance best describes our new glass front niches in the Mausoleum of the Angels, providing you the opportunity to personalize your lasting memorial.

Resurrection Cemetery is proud to introduce this opportunity but only 300 such niches, both single and companion niches, are available. What is unique about them is that these niches allow families to “personalize” their final resting place.

Families can decorate the niche with photos and other mementos to create a memorial image. The ability to personalize a glass niche allows a family to celebrate and keep your loved ones memory front and center.

Along with cremated remains, couples or individuals can choose to add keepsakes, photos or collectibles that tell a story of the life of one or more persons.

Its location in the Mausoleum of the Angels allows people to visit the final resting place of their friend or family member in a climate-controlled comfortable environment. These are the only available locations for interment within this beautiful mausoleum with all other options being sold out, and it represents a final opportunity to be interred in this beautiful setting.

MOST HOLY TRINITY MAUSOLEUM

Single niches remain in the Most Holy Trinity Mausoleum, a beautiful, indoor mausoleum located on the grounds of Resurrection. These glass-front niches also allow you or loved ones to personalize your living memorial for eternity.

Decorative urns are allowed in these beautiful niches and individuals can choose to add keepsakes, photos or collectibles to help those friends and family remember what made you unique.

Like the Mausoleum of the Angels, the Most Holy Trinity Mausoleum is an indoor climate-controlled environment. It is the site of the annual Seasons of Remembrance holiday event held each December that includes a candlelight vigil, Christmas songs and other remembrance events.

A limited number of these single niches remain. These will be some of the last remaining spaces inside the Most Holy Trinity Mausoleum. Now is the perfect time to preplan – save hundreds or thousands of dollars versus waiting for future years. Contact us to learn more.
